

ROUTE ? How to Read a Schedule

All route brochures have a bus schedule, map, and a list of bus stops located along the route. Timing points are read in columns and rows. To find the estimated times that a bus stops at a particular location, read down the column under the location. To find the estimated times that a particular bus will stop at other locations, read across the row (left to right). Reading across the row tells you the time required for the bus to travel between timing points. For example, to be at Century Park for 9:38 a.m. you must board the bus at Leger at 9:18 a.m.

Timing points are select bus stops along the route that correspond to times listed under each location. The letter in the circles can be found on the route map to pinpoint the location. For other stops along the route, check the "Bus Stop Numbers" page.

Read down the column to find the time your bus leaves your location.

Read across the row to find the time your bus arrives at the next timing point.
