### TRANSFERS

If you wish to stop over and visit any location along Route 123, **please take a transfer when you pay your fare.** Transfers are valid for 90 minutes from time of issue—in any direction, on any route, so you can board and exit wherever you desire. Remember, if you get caught up in historic or ecological things in a facility after 90 minutes, be prepared to deposit another fare when you board the next bus.

### DISCOVER SUMMER FUN WITH ROUTE 123

Route 123 operates only on Sunday and statutory holiday afternoons between **Victoria Day** and **Labour Day.**

**The Discovery Ring route travels in one direction only—clockwise—and makes stops at all transit zones along the route. You can board at any of them. Regular cash fares, passes and transfers are valid. By using a transfer, you can leave the bus, visit the facility and board the next Route 123 bus to continue your discoveries. See the note on Transfers, for limits to this privilege.**

### WE'VE GOT A RING AROUND YOUR HERITAGE

Route 123 gives you a chance to visit Edmonton's varied historical and environmental points of interest. Because this is a regular transit route, no commentary is provided by the Edmonton Transit operator.

GOVERNMENT CENTRE

Route 123 starts at an entrance to the Corona LRT Station at 107 Street/Jasper Avenue—consequently connections are direct to LRT stations. Route 123 buses loop through Government Transit Centre to the Terrace Building, then through the 97 Avenue tunnel to the High Level Bridge. To the east, riders can see the old John Walter House, the Kinsmen Sport Centre, the 105 Street Bridge, and the Rossdale Generating Station.

UNIVERSITY OF ALBERTA

On the south side of the North Saskatchewan River, Route 123 travels through historic Garneau, a mixture of homes and new academic buildings on the edge of the University of Alberta. After Route 123 leaves the University transit centre, it passes close to the athletic pavillion built for the 1983 World University Games. Further south through residential areas, Route 123 passes close to the University Farm. Within sight of Belgravia Road are a number of provincial laboratories, then Route 123 connects to Fox Drive and skirts the city's Whitemud Riding Academy.

JOHN JANZEN NATURE CENTRE FORT EDMONTON

Route 123 stops north of the John Janzen Nature Centre, outside the gates of Fort Edmonton Park, which can be reached by train, by streetcar, or on foot.

Route 123 crosses the North Saskatchewan River over Edmonton's most westerly bridge, the Quesnell, then travels the Whitemud Freeway to 149 Street and along 87 Avenue.

VALLEY ZOO

Through the residential districts of Laurier Heights and Buena Vista, Route 123 then descends into the river valley again to reach the Valley Zoo.

As the route follows 142 Street north, it crosses picturesque ravines near Valleyview Heights, where the city centre can been seen to the east, as well as the university's buildings to the south. Route 123 travels east on 102 Avenue, through a portion of old Glenora, stopping outside the Provincial Museum of Alberta.

PROVINCIAL MUSEUM

Also on the grounds of the Provincial Museum and Archives is Government House, once the residence of lieutenant-governors and now refurnished as the province's official reception centre. It is open for tours on Sundays between May and October, from 10 a.m. to 4:30 p.m. The view of the city and the river valley is spectacular from this riverbank, and to the west, it's a short walk along St. George's Crescent to view the official home of our lieutenant-governor at number 58. No public tours are allowed.

Route 123 travels east into downtown Edmonton along Jasper Avenue, passing art galleries of the Oliver loop area, the CNIB, churches, car lots, the General Hospital, residential and finally, office towers.

The Discovery Ring provides a scenic, interesting and varied trip—a trip we know you'll want to take more than once.
